

Lost and alone

is it working  
ur master plan to fool everyone  
are you still lying  
whats the use of taking every story for a fact

I feel trouble trouble comin there for you  
never listenin to any warn  
I fell worries worries comin there for you  
someday you might be lost and alone

still searching  
for the man u d like to be  
are u looking  
like what you wanted to seem

I feel trouble trouble comin there for you  
never listenin to any warn  
I fell worries worries comin there for you  
someday you might be lost and alone
